Select Team Tournament Play Guidelines:

It has come to our attention that coaches want to keep the nucleus of their teams together during the offseason. They would like to take them to a tournament or put them in an off season league. The board recognizes the commitment these coaches and players are putting forth and would like to offer these guidelines to creating select teams in the offseason.

1. The board members must be contacted and given time to approve any tournament participation of any select team. Board Meetings are held the first Thursday of each month.
2. The coaches of that particular age group must be contacted if a select team is approaching players from their team to play in the tournament.
3. The coach of the player being drafted must contact a board member to let them know they have been contacted appropriately.
4. The select team coach must share the roster with the board and clarify the tournaments that the players will be involved in.
5. DYS will provide a \$100.00 stipend toward one tournament fees per off season. (Winter and/or summer)
6. If a team needs equipment (balls and pinnies) they will be provided by the club as the coaches most likely already have a gear bag.
7. Uniforms can be barrowed if needed from the club but must be returned after the Tournament or league play.
