Travel Teams:

All TT selection announcements should be made at the same time and it was suggested to post the names of the selected players on the website.

Scott Steffen was asked by Mary B about the tryout process and can the players be directed on how well they did and what they need to work on. Scott said that he was contacted by email by 30 parents and he responded by going over the evaluations of their children.

If parents want to know how their child did they can contact Scott by email and he will return their message.

It was also suggested that Travel Tryouts be a week or two earlier so players would have chances to try out for other club TT in case there is not enough players for their specific age group.

Communication: Daniel Martis made the comment that he has had some parents complain about not getting practice or game information because some parents don't have email access.

It was suggested by Tyler Ashely that we should put a please reply on the email and to track the ones who don't reply and give them a follow up phone call.
